### The Perfect Bathroom Solutions

Interior Affairs, Singapore's largest bathroom and kitchen experience centre, has launched new bathroom accessory collections from COSMIC and POM D'OR. Founded in Barcelona, COSMIC and POM D'OR offer high-quality bathroom accessories with modern and innovative design. COSMIC believes that the bathroom should be a reflection of the individual's personality and their search for wellbeing through design. From soap trays and towel racks to stools and waste bins, COSMIC has won numerous design awards worldwide for its bathroom accessory collections. COSMIC bathroom accessories come in a variety of finishes such as steel, aluminium, and chrome. In addition, POM D'OR, recognised as the leading bathroom accessory brand in Spain, is internationally acclaimed for designing products that combine creativity and ergonomics with meticulous attention to detail. POM D'OR offers a wide range of stylish bathroom accessories to create different atmospheres in the bathroom. With these two new collections, homeowners are now able to find the perfect bathroom solutions to suit your lifestyle.

*The new collections are now available at Interior Affairs, 29 Tai Seng Avenue, Natural Cool Lifestyle Hub, Levels 1 and 2.*

### Let Your IKEA Moment Start At Home

Bring your home to life as home furnishing retailer, IKEA, launches its new Catalogue 2013, to make your home a little better. The Catalogue 2013 is filled with over 300 pages of ideas and solutions for easy furnishing, based on our everyday activities, such as sleeping, relaxing, and cooking, where furnishing goes beyond furniture. Giving you more than before, IKEA's inspirations and

solutions from this Catalogue are not limited to just the printed copy you have in your hands. Get more with just a scan from your smartphone, as extra contents have been added throughout the Catalogue for easy access through your gadget all year long. Available for Android and iOS users, simply download the IKEA Catalogue app, and get started spotting all the phone symbols in the Catalogue for more interactive features.
